In 2002 \_\_\_\_\_ participated in the Cape Area Panel Study. The Cape Area Panel Study is a study of young adults' schooling, health and well-being in South Africa. It is run by researchers at the University of Cape Town together with colleagues at the University of Michigan and Princeton University in the United States. The purpose of this study is to learn more about the challenges and opportunities facing young people in South Africa.

We would like to re-interview this person for our 2006 survey. The questionnaire asks about schooling, work, living arrangements, sexual behaviour, and health. The results of this study will be used by researchers to improve our understanding of the health and well-being of South Africans. By participating in the study you will be contributing to the development of better policies and programs to improve the lives of young people in South Africa.

In case we are unable to reach this person it would be very helpful if you could provide us with some information about where they are currently living and what they are currently doing.

We want to make sure that you understand the following information about the study.

- Your participation in the study is entirely voluntary. You may refuse to take part in the interview, and may stop at any time if you do not want to continue. You may also skip any particular question or questions if you do not wish to answer them.
- We expect that the interview will take approximately 5 minutes.
- All information collected for this study will be kept strictly confidential. Individual responses to our questions will never be made public, and no information which could identify you or this person will ever be released.
- You have the right to ask questions at any point before the interview, during the interview, or after the interview is completed.

By signing below, you signify that you agree to provide information about \_\_\_\_\_ for the Cape Area Panel Study.
