## Identification

### SURVEY ID NUMBER

zaf-saldrunids-cram-2020-w2-v3.0.0

### TITLE

National Income Dynamics Study - Coronavirus Rapid Mobile Survey 2020, Wave 2

### SUBTITLE

Wave 2

### COUNTRY

Name	Country code
South Africa	zaf

### STUDY TYPE

Household Survey [hh]

### SERIES INFORMATION

National Income Dynamics Study - Coronavirus Rapid Mobile Survey (NIDS-CRAM) 2020, Wave 2 [dataset]. Version 3.0.0. Cape Town: Allan Gray Orbis Foundation [funding agency]. Cape Town: Southern Africa Labour and Development Research Unit [implementer], 2021. Cape Town: DataFirst [distributor], 2021. DOI: <https://doi.org/10.25828/5z2w-7678>

### ABSTRACT

The National Income Dynamics Study - Coronavirus Rapid Mobile Survey 2020 investigates the socioeconomic impacts of the national lockdown associated with the State of Disaster declared in South Africa in March 2020, and the social and economic consequences in South Africa of the global Coronavirus pandemic. NIDS-CRAM forms part of a broader study called the Coronavirus Rapid Mobile Survey (CRAM) which aims to inform policy using rapid reliable research on income, employment and welfare in South Africa, in the context of the global Coronavirus pandemic. The study is run by researchers from the University of Stellenbosch, University of Cape Town (UCT) and University of the Witwatersrand (Wits). The NIDS-CRAM survey data collection and production operations were implemented by the Southern Africa Labour and Development Research Unit (SALDRU) at UCT. The data is collected with Computer Assisted Telephone Interviewing (CATI), with data collection repeated over several months.

### KIND OF DATA

Sample survey data

### UNIT OF ANALYSIS

Households and individuals

## Version

### VERSION DESCRIPTION

v3.0.0: Edited, anonymised data for public distribution

### VERSION DATE

2021-06-30

### VERSION NOTES

The following changes were made from version 1.1.0 to version 2.0.0.

NIDS-CRAM\_Wave2\_Anon\_V2.0.0

Because of a Zulu translation error, a value in variable/s w2\_nc\_ems\_june (and some variables thereafter from questions in Section C of the questionnaire) changed from "2. No - I'm employed" to "No, I did nothing" (Because of the skip patterns the subsequent questions in the skip sequence also needed to be changed to "-3. Missing" or system missing, where appropriate).

derived\_NIDS-CRAM\_Wave2\_Anon\_V2.0.0

10 observations in the variable w2\_nc\_empl\_stat need to be changed from "3. Employed" to "-8. Refused" to correct a Zulu

translation error

The variable w2\_nc\_pweight\_s was added because the weights were scaled to the NIDS W5 population totals and the weights algorithms were updated.

Changes made from version 2.0.0. to version 3.0.0. of the Wave 2 data were minor data cleaning and data quality error corrections to all the variables.

## Scope

### NOTES

The NIDS-CRAM Survey collects data on the following for households and household members:

Demographics (age, gender, race)

Labour and income (education, employment, income, occupation, threats to business/income from the lockdown), pensions and government grants, financial support)

Household and Social (housing type, household size, access to water and electricity)

Health and COVID-19 (behaviour and knowledge related to COVID-19, tests, infections, symptoms, health facility visits, health conditions, access to medical insurance).

## Coverage

### GEOGRAPHIC COVERAGE

The survey had national coverage. As NIDS was only designed to be nationally representative, it is inadvisable to use the NIDS-CRAM data to calculate provincial or regional totals.

### GEOGRAPHIC UNIT

The NIDS-CRAM data is at the country level only.

### UNIVERSE

The universe of the study is South Africans 18 years old or older.

## Producers and sponsors

### PRIMARY INVESTIGATORS

Name
Nic Spaull - Ronelle Burger - Rulof Burger - David Carel - Reza Daniels - Nwabisa Makaluza - Dorrit Posel - Vimal Ranchhod - Servaas van der Berg - Gabrielle Wills

### FUNDING AGENCY/SPONSOR

Name	Role
Allan and Gill Gray Philanthropy	Funder of Waves 1-3
FEM Education Foundation	Funder of Waves 4-5
Michael & Susan Dell Foundation	Funder of Waves 4-5

## Sampling

### SAMPLING PROCEDURE

The sample frame for NIDS-CRAM is the NIDS Wave 5 CSMs and TSMs who were 18 years or older at the time of the NIDS-CRAM Wave 1 fieldwork preparation in April 2020. The sample was drawn using a stratified sampling design. No attempt was made to check whether successfully re-interviewed individuals resided in the same households as they did in Wave 5. In the survey, individuals from larger households were more likely to be sampled than individuals from smaller households.

### WEIGHTING

The weighted NIDS-CRAM survey data reflects the outcomes in 2020 for a broadly representative sample of South Africans 15 years and older from NIDS Wave 5 in 2017 who were followed up 3 years later.

## Data Collection

### DATES OF DATA COLLECTION

Start	End	Cycle
2020-05-07	2020-06-27	Wave 1
2020-07-13	2020-08-13	Wave 2

### DATA COLLECTION MODE

Computer Assisted Telephone Interview [cati]

### SUPERVISION

Ethics approval for the NIDS-CRAM Survey was granted by the Commerce Faculty Ethics Committee of the University of Cape Town and the Research Ethics Committee: Social, Behavioral and Education Research, of the University of Stellenbosch.

### DATA COLLECTION NOTES

The NIDS-CRAM survey data collection and production operations were implemented by the Southern Africa Labour and Development Research Unit (SALDRU) based at the University of Cape Town. CATI interviews were conducted in the preferred official South African language of respondents.

## Questionnaires

### QUESTIONNAIRES

Though NIDS-CRAM is a follow-up with NIDS Wave 5 respondents, the NIDS-CRAM survey uses a much shorter questionnaire, with a focus on the Coronavirus pandemic and the national lockdown. The questionnaire was changed slightly across waves and data users should check the questionnaires for each wave when using the data.

## Questionnaires

### NIDS-CRAM Wave 2 questionnaire

---

Title	NIDS-CRAM Wave 2 questionnaire
Date	2020-07-06
Country	South Africa
Language	English
Contributor(s)	This is the questionnaire for Wave 2 of the survey
Filename	q-nids-cram-2020-w2.pdf

---

## Reports

### NIDS-CRAM synthesis report Wave 2

---

Title	NIDS-CRAM synthesis report Wave 2
Author(s)	Nic Spaull, et al.
Date	2020-09-30
Country	South Africa
Language	English
Contributor(s)	This is the report from Wave 2 of the NIDS-CRAM Survey.
Filename	nids-cram-2020-w2-report.pdf

---

## Technical documents

### National Income Dynamics Study - Coronavirus Rapid Mobile Survey panel user manual

---

Title	National Income Dynamics Study - Coronavirus Rapid Mobile Survey panel user manual
Author(s)	Kim Ingle, Timothy Brophy, and Reza Daniels
Date	2021-06-30
Country	South Africa
Language	English
Contributor(s)	This is the user manual for data from all waves of the survey.
Filename	nids-cram-2020-2021-user-manual.pdf

---

### Determinants of attrition in NIDS-CRAM Waves 1 & 2

---

Title	Determinants of attrition in NIDS-CRAM Waves 1 & 2
Author(s)	Reza C. Daniels, Kim Ingle and Tim Brophy
Date	2020-09-30
Country	South Africa
Language	English
Contributor(s)	This document discusses attrition across Waves 1 and 2 of the NIDS-CRAM survey
Filename	nids-cram-2020-w1-2-attrition.pdf

---

## Changes across public release versions of NIDS-CRAM Wave 2

---

Title	Changes across public release versions of NIDS-CRAM Wave 2
Date	2021-06-30
Country	South Africa
Language	English
Description	The document details the changes made from NIDS-CRAM Wave 1 from version 1.0.0. up to version 3.0.0.
Filename	nids-cram-2020-w2-v3-changes.pdf

---

## Other materials

### [nids-cram-2020-w2-do-files]

---

Title	[nids-cram-2020-w2-do-files]
Date	2021-06-30
Country	South Africa
Language	English
Contributor(s)	This is a folder containing the syntax files provided with the NIDS-CRAM data Wave 2 version 3.0.0. The do files show how to merge the within-wave and between-wave data files. They show how the employment status variable was derived.
