Diagnosis - "LIRA 2030"
Household Survey

Interviewer Number: _____ (based on first letter of first name and surname and 001)

Interviewer: The purpose of this survey is to collect data to inform about the achievement of the Sustainable Development Goals. I would like to speak to an adult from your household, are they in?

When you meet the adult, introduce yourself again.

Interviewer: The purpose of this survey is to collect data to contribute to the achievement of the Sustainable Development Goals. The Sustainable Development Goals represent a global commitment to social, economic and environmental development.

The Government of Mozambique, as a member of the United Nations, has pledged to achieve these goals by the year 2030.

We are working to collect the data required to assess progress in achieving these goals

All your responses are confidential and your participation is completely voluntary.

We are not interested in finding out only about your individual household, but in collecting data about all households that will participate in this survey.

Your household was not selected, it is part of a sample of houses in this neighbourhood and others that were randomly selected.

We will not disclose individual data about you or your family.

The survey will take about half an hour, there is no penalty for not participating.

Do you want to continue?

The person must respond that they do.

If the person says no, record this and leave.

Geographic information must be filled in before the interview begins
