Household Selection Procedure

Interviewer: It is your job to select a random (this means any) household. A household is a group of people who currently eat together from the same pot.

Start your walk pattern from the start point that has been randomly chosen by your Field Supervisor. Team members must walk in opposite directions to each other. If A walks toward the sun, B must walk away from the sun; C and D must walk at right angles to A and B.

Use a 5 / 10 interval pattern to select a household. That is, walking in your designated direction away from the start point, select the 5th household for the first interview, counting houses on both the right and the left (and starting with those on the right if they are opposite each other).

Once you leave your first interview, continue on in the same direction, this time selecting the 10th household, again counting houses on both the right and the left. If the settlement comes to an end and there are no more houses, turn at right angles to the right and keep walking, continuing to count until finding the 10th dwelling.

Interviewer: If a call is unsuccessful, use the table below to record your progress until you make a successful call. Circle a code number for unsuccessful calls only.

| NOCALL | NOCALL_1 | NOCALL_2 | NOCALL_3 | NOCALL_4 | NOCALL_5 | NOCALL_6 | NOCALL_7 |
|--|-------------|-------------|-------------|-------------|-------------|-------------|-------------|
| Reasons for Unsuccessful Calls | Household 1 | Household 2 | Household 3 | Household 4 | Household 5 | Household 6 | Household 7 |
| Refused to be interviewed | 1 | 1 | 1 | 1 | 1 | 1 | 1 |
| Person selected was never at home after at least two visits | 2 | 2 | 2 | 2 | 2 | 2 | 2 |
| Household / Premises empty for the survey period after at least two visits | 3 | 3 | 3 | 3 | 3 | 3 | 3 |
| Not a citizen / Spoke only a foreign language | 4 | 4 | 4 | 4 | 4 | 4 | 4 |

| Not applicable | 9997 | 9997 | 9997 | 9997 | 9997 | 9997 | 9997 |

If no one is at home (i.e. premises empty) after two visits, substitute with the very **next** household. If the interview is refused, use an interval of 10 to select a substitute household, counting houses on both the right and the left.

When you find a household with someone home, please introduce yourself using the following script in the most common language spoken in the area. If the household member does not speak the most common language, establish if they speak another interview language. Make an appointment and arrange with another enumerator who speaks the household language to come and continue with the interview if it is possible to do so.

You must learn this introduction so that you can say it exactly as it is written below.

Good day. My name is _____. I am from Survey Warehouse and Afrobarometer, independent research organizations. I do not represent the government or any political party. We are studying the views of citizens in Namibia about how the country is governed and how the economy is managed. We would like to discuss these issues with a member of your household. Every person in the country has an equal chance of being included in this study. All information will be kept confidential. Your household has been chosen by chance. We would like to choose an adult from your household. Would you help us pick one?

Note: The person must give his or her permission by answering positively. If participation is refused, walk away from the household and record this in the above table on "Reasons for Unsuccessful Calls." Substitute the household using an interval of 10 households. If consent is secured, proceed to Respondent Selection.

Respondent Selection Procedure

Interviewer: **Within** the household, the tablet will select a random (this means any) individual. This individual becomes the interview Respondent. The tablet will guide you to alternate interviews between men and women.

Note that "First Interview" should **ONLY** be used for your very first interview on the first day of fieldwork, **NOT** your first interview every day.

| If yes: | Please tell this person that I will return for an interview at [insert convenient time]. If this respondent is not present when you call back, replace this household with the next household to the right. |

If the selected respondent is not the same person that you first met, repeat Introduction:

Good day. My name is _____. I am from Survey Warehouse and Afrobarometer, independent research organizations. I do not represent the government or any political party. We are studying the views of citizens in Namibia about how the country is governed and how the economy is managed. We would like to discuss these issues with you.

To ALL respondents:

Your answers will be confidential. They will be put together with 1200 other people we are talking to, to get an overall picture. It will be impossible to pick you out from what you say, so please feel free to tell us what you think. This interview will take about 45 minutes. There is no penalty for refusing to participate. Do you wish to proceed? [Proceed with interview only if answer is positive.]

[If respondent agrees to proceed, add:] **We can do this interview in English, Afrikaans, Oshiwambo or Otjiherero. Please tell me which language you would like to use.** [If interviewer does not speak selected language, then make an appointment for later in the day with a member of the team who speaks that language.]

Note: The person must give his or her informed consent by answering positively. If participation is refused, walk away from the household and record this in the above table on "Reasons for Unsuccessful Calls." Substitute the household using an interval of 10 households. | 98. In the near future, Afrobarometer might conduct short follow-up surveys by phone with the people we have interviewed. These interviews will usually only take about 15 minutes. We will keep your contactable phone number confidential if you are willing to share it with me. There is no penalty for saying no. Would you be willing to participate in these surveys? [If yes:] Please tell me the number or numbers where you can be reached. [Indicate that this can be their personal number or a number of someone close to them where they can be reached.] | |

| 99. Finally, we would like to give you a chance to express your thoughts in your own words. You don't have to say anything. If you do, we might share your comment in the media so that it reaches the government, but we would only share it anonymously, not with your name. If you could say one thing or send one message to your government, what would you say? [Interviewer: You will need to translate the response into the national language, English on the spot, but please try to capture the respondent's answer in their exact words as closely as possible. Do not summarize. If the respondent says "My kids haven't known the taste of meat in 6 months," do NOT write "Food insecurity" or "My kids are hungry." Write "My kids haven't known the taste of meat in 6 months." If the respondent gives a long answer, capture only the first sentence or the most interesting statement that the respondent makes. If the respondent has nothing to say, select code 0=No answer] |
